INFORMATION

THE UNITED STATES ATTORNEY CHARGES THAT:

(Simple Possession of a Controlled Substance)

On or about July 08, 2017, within the exterior boundaries of Yellowstone National Park, within the District of Wyoming, and within the special maritime and territorial jurisdiction of the United States, the Defendant JACOB DOTSON did knowingly or intentionally possess a controlled substance in violation of 21 U.S.C. § 844, a Class A misdemeanor.

In addition to the probable cause statement which supported violation number 6538806, the search of the vehicle also resulted in the discovery of \$20,337 in cash.

Additional controlled substances were found at the campsite shared by JACOB DOTSON and DUSTIN ALVIS. On or about July 09, 2017 at approximately 7:00 P.M., Officer Jeremy PAINTER received a phone call in reference to an overdue party staying at Madison Campground in Yellowstone National Park. JACOB DOTSON and DUSTIN ALVIS were required to check

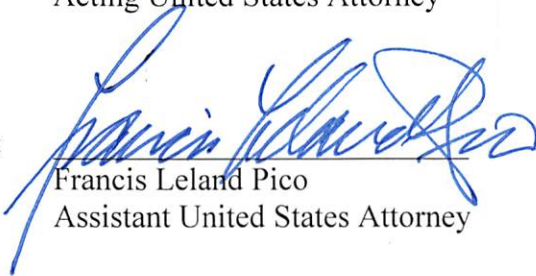

out of their campsite at 11:00 A.M., but failed to do so. Officer MURRAY accompanied Officer PAINTER to the campsite. Officer PAINTER immediately smelled marijuana as he walked up to the tent and saw a jar of suspected marijuana in plain view. Officer MURRAY received information from the campground employees confirming the campsite was only reserved for one night. Officer MURRAY also received information that the campsite was reserved in JACOB DOTSON's name. Yellowstone National Park Dispatch confirmed that JACOB DOTSON was currently in custody in Mammoth Jail for Possession of a Controlled Substance.

Officer MURRAY then completed an inventory of the abandoned property. The inventory produced 10.4 grams of marijuana, .4 grams of LSD, 7 grams of Hash, 6 Commercial packages of THC Concentrate/Hash, 5 small glass containers of Hash Oil, 1 baby bottle containing suspected cough syrup, 1 small plastic bag of an unidentified powder substance, 1 clear plastic capsule containing an unidentified powder, 6 Clonazepam 0.5mg pills, 2.5 Alprazolam 2mg pills, and 2 Alprazolam 0.5mg pills. Each of these pills contain a Schedule IV controlled substance under 21 U.S.C. § 812.

Dated this 11th day of July, 2017
